

TOK SAVE LONG 'INVASIVE SPECIES'

Wanem nao mining blong tok ia 'Invasive Species?'

'Invasive Species' hem i ol smol smol anamol olsem ol pijin, ol bebet mo ol snel we oli stap raon long yumi, mo oli save mekem trabol long yumi, motu long ol ples we yumi stap liv long hem. Sam long olgeta oli ol plant – olsem grass, flaoa, ol rop we I kavremap gud ol bus mo garen – olsem 'rop' blong Amerika. 'National Invasive Species Strategy & Action Plan' (NISSAP) emi wan pepa we ofis blong Environment, anda long Gavman, i putum tugeta blong soe maot 27 long olgeta prioriti anamol mo plant or tri ia, mo talem aot ol nem blong olgeta we oli stap kam mo oli kam trabol long Vanuatu tedei.

From wanem hem i impoten blong tok baot ol 'Invasive Species'ia

Yumi save faenem plante long ol 'Invasive Species' ia long evri aelan blong yumi long Vanuatu tede. Hem i impoten blong ting abaot mo tokabaot from se:

Long saed blong ekonomi:

Oli spolem gud ol kakai mo anamol we man i wok blong mekem mane long olgeta –olsem bigfala snel blong Afrika we i stap kakai aelan kabej

Long saed blong laef blong ples:

Taem wan kaen tri or anamol ia we i mekem trabol i fulap tumas long wan ples – oli save kilim ol narafala plant mo anamol we oli blong yumi

Long saed blong Laef blong yumi:

Oli save spolem ol anamol we oli stap gud wetem yumi olsem fasin we faea anis i save go spolem ae blong dog

Wanem taem nao istret blong dil wetem ol 'invasive species ia' mo trabol we oli stap mekem?

Problem blong ol 'invasive species' ia i stap happen oltaem nomo. Be hemi impoten blong yumi mas tok baot mo ting save blong yumi save wok tugeta blong stopem hem mo trabol blong hem blong i no gro kam antap.

Huia nao i stret man blong lukaotem wok ia mo tu i wok blong stopem ol 'invasive species' ia?

'Invasive Species' hem i bisnis blong evri wan! Evri wan I mas tekem pat blong stopem olgeta blong oli no spolem ol stret plant mo anamol blong yumi long Vanuatu. I gat ol ofis insaed long Gavman we oli lukaotem ol wok ia blong kontrolem olgeta 'Invasive Species.' Ofis olsem Biosecurity, Environment mo ol NGO olsem 'Live & Learn,' mo bai Oli nidim giv han blong yumi everiwan.
